3 The PASSAP ELECTRONIC 6000 is adaptable to individual needs. The following accessories can be bought with the machine or added any time later:

**Stand GT 900/4 or GT 600/4** - The heavy duty stand for working while standing up or in sitting position. Stand

**T601 /4 or T600/4** With or without castors.

**AUTOCOLOR 600** - The fully automatic colour changer for knitting not only two but three and four coloured jacquard patterns

**Woolwinder W600** - With this accessory you can wind yarn in to balls or cones for your machine

**Tricofit** - With the Tricofit you will be able to do your casting-off automatically and quicker than ever before!

**U 70** - The transfer lock for the automatic transfer from welt to pattern. **U 100 E** - The pattern lock for lace patterns, structured patterns and garter stitch.

**LINKER** - The practical device for neat seams.

**ELECTRA 4000** - The motor drive particularly stable, highly reliable and easy to service. **ELECTRA 4600** - The motor drive controlled by the ELECTRONIC 4600. According to the pattern the motor will activate the colour changer or not and stop where necessary.
