

PASSAP E6000 Details

NEW:

PASSAP ELECTRONIC 6000.

A VERY ADVANCED

COMPUTERISED KNITTING MACHINE

- IT KNITS PRECISELY WHAT YOU
TELL IT TO, PERFECTLY.

PASSAP
ELECTRONIC 6000
The world's most advanced home knitting machine.

THE PASSAP ELECTRONIC 6000

"TALKS" TO YOU THROUGH

ITS INGENIOUS DIALOG-COMPUTER

Thanks to the latest electronics the PASSAP ELECTRONIC 6000 is not only more versatile but it makes knitting easier than ever before. In future you decide what you want to knit. Your PASSAP ELECTRONIC 6000 asks you a series of simple questions and then the ingenious Dialog-Computer tells you step by step, in easy to follow instructions, what to do. The result is perfect knitting all the time and your hobby will be more enjoyable than ever.

TAKE YOUR CHOICE FROM

40 000 PATTERNS . . .

The PASSAP ELECTRONIC 6000 has more than 660 patterns stored in its memory. Each one is illustrated in full colour in the pattern book. Choose any one and by combining it with different knitting techniques more than 40 000 patterns are at your finger tips. Of course a full alphabet and all figures from 1 to 0 are memorised too.

IF THAT'S NOT ENOUGH - CREATE YOUR OWN!

You can draw your own design on a pattern sheet and the PASSAP ELECTRONIC 6000 reads it in and knits it just as you have drawn it. What's more you can combine any of the stored patterns or knitting techniques and your own design with one another!
